Dear Governor Branstad:

I have the honor to present to you the 120th Annual Report of the Insurance Division, pursuant to section 505.12 and section 505.13 of the Code of Iowa.

The preliminary material outlines Insurance Division activities generally. The statistical tables reflect in detail the financial condition of all insurance companies licensed to do business in Iowa, based on their sworn annual statements covering the twelve-month period beginning January 1, 1988 and ending December 21, 1988, filed with this Division.

I wish to express my deep appreciation for the opportunity to serve both you and the people of the State of Iowa as Insurance Commissioner, and to report that the statutory functions of the Insurance Division have been administered consistent with applicable law.

Respectfully submitted,

# 1988 - THE YEAR IN REVIEW

by William D. Hager, Insurance Commissioner

In the year since the publication of the last annual report, the Iowa Insurance Division has continued to work on its pledge to provide better service to the citizens of Iowa, both private and corporate. It has been a busy and successful year and I would like to take this opportunity to update interested parties on our activities and future goals.

In 1988, the Insurance Division laid the ground work for expansion in several areas. New programs and job positions which will result in more services to citizens and more accuracy and efficiency with in the office will have begun by the publication of this report.

## NEW PROGRAMS

The Insurance Division is in the process of hiring a health insurance expert who will be devoted full time to educating and protecting the interest of Iowa senior citizens. This is an outgrowth of an educational program begun in 1986 in which Insurance Division attorneys traveled the state to give free public seminars on health insurance for persons age 65 and over. The program became so popular that we determined a full time person was necessary to give it the attention it so richly deserves.

This new advocate will educate, counsel and organize Iowa citizens with insurance questions and will help our office develop policies toward regulation in this area. They will also develop a volunteer program whereby senior citizens will be available across the state to answer basic insurance questions and provide basic information. Similar programs have enjoyed great success in other states and we hope to use it to tap into the dedication and spirit of Iowans who want to help each other.

It is through informed and educated citizens that we can significantly reduce the instance of fraud, abuse and poor decisions. This program, conceived in 1988, will be implemented

LUCAS BUILDING / DES MOINES, IOWA 50319 / 515-281-5705

this year and I look forward to reviewing its successes in next years report.

The Insurance Division has also added a life and health insurance actuary and is in the process of hiring a property casualty actuary. This in-house expertise will allow the Division to operate more effectively and efficiently in its rate review functions. We will also soon add a nontraditional insurance expert to our staff. The insurance industry is constantly innovating and expanding to meet the needs of consumers, and many products and programs do not fit conveniently into the regulatory slots created many years ago. Adequate protections must accompany innovation, however, and the Iowa Division plans to evolve to keep pace with the changing industry.

## CONSUMER PROTECTION

Public insurance seminars for Iowa citizens continued to be very popular in 1988. The most popular new topic was the revision to Medicare through the Catastrophic Coverage Act of 1988. Although Medicare is not the Insurance Division's area of oversight, we felt the need to keep abreast and educate Iowans due to the importance of the issue and the close ties between Medicare and private insurance. The most popular "old" topic continued to be long term care insurance. Ground work was laid in 1988 which allowed for the passage of new legislation banning prior hospitalization and prior skilled care requirements in long term care policies sold in Iowa.

Much of our movement and success in this area has come from the opportunity to meet Iowans face to face in their home towns and speak with them about their insurance. There is no better way to understand the needs and concerns of Iowans than at this grass roots level.

In the Market Conduct area, 1988 saw the Insurance Division take part in what has been popularly called the drought insurance litigation. The marketing of drought insurance policies to Iowans resulted in the Insurance Division's leading of a concerted effort on behalf of farmers in ten states which resulted in a $48 million settlement, approximately $14 million of which was distributed to Iowa farmers.

On the more routine side, the Insurance Division's Market Conduct Bureau investigated 5,273 written complaints, met with 307 individuals who filed complaints in person, and responded to 1,882 other miscellaneous letters as well as 26,480 telephone calls. In addition to the drought insurance recovery, $5,010,351.98 was recovered for Iowans during the course of the year.

Formal administrative actions were brought against 166 agents and 49 insurance companies in 1988. This more than doubles last years numbers. Iowa continues to have a many of the best and hardest working insurance professionals in the world. These growing numbers represent an improved efficiency in the office and a strict application of all rules and statutes, something which benefits and encourages quality insurance service.

## AGENT LICENSING

In 1988, the Division issued 4,050 new agents licenses and 26,127 renewals. The Insurance Division also began work on new licensing and continuing education programs. Iowa has since become the first state in the nation to require verification of continuing education credits for all agents. Iowa has also switched from a one year to a three year insurance license. This will save time and money on renewals.

## RATES AND FORMS

The Life and Health Bureau received 11,213 life form filings and 7,284 accident and health form filings in 1988. The Property Casualty Bureau received 6,709 form filings, 6533 rate filings and 6,656 surplus lines affidavits. The Division also began to explore the possibility of open competition for workers compensation insurance rates. This area continues to be explored by the Insurance Division and state law makers.

EXAMINATIONS

The Examinations Bureau conducted 49 routine exams and 54 county mutual exams in 1988. Nine target exams and numerous other exams triggered by market conduct concerns were also completed. 64 new companies were admitted to do business in Iowa in 1988.

As the Iowa Insurance Division moves through 1989 and into the new decade, it will continue to strive to be an innovator, a pace setter and, most important, a partner with the people and companies which it serves.
